PLATE XXX

Special Design and Weave by "Bi-leen Al-pai-bi-zha-Ahd."

From "ER-20" class, original 75x115 inches in size. Designed by the weaver of XIV, XXIII and XXIV patterns, and is only another one of her all-beautiful originals. She will never weave after a pattern designed by another nor can she be induced to duplicate one woven by herself once she has done it. Every piece she makes is well worthy of illustration and preservation, could it be afforded.

"ER-20" class, stock sizes 45x76 inches up to 6x9 feet, price 90c to \$1.00 per square foot or \$20.00 to \$23.50 for small, up or down for others, according to size. Made in any size and colors to order for proportionate prices, and will no doubt work up beautifully in all colors.

None in "T-XX" class. Not made to order in this class. Price, \$60.00.
