In virtue of the case number 385123, it is an 14 ct gold pocket watch, Lepine, 21', calibre 57 and this watch was sold on January 25, 1907 to Perret & Berthoud, Le Locle.

Unfortunately we cannot read more out of our company ledger.

If case and movement of your pocket watch are in a very good condition the value will be about SFr. 2'000.--.

Hoping we could help you in this matter, we remain, with kind regards,

/ Ii
